

Professional Summary

I am a Front-End Developer with experience in creating fast, responsive, and user-friendly web and mobile applications. I work with technologies like HTML5, CSS3, JavaScript, React.js, Bootstrap, Tailwind CSS, jQuery, and Redux. I have improved website performance by 35% and helped increase user engagement by 20% through better design and faster load times. I have built real-world projects like e-commerce websites and movie apps, using API integration and reusable components. I also have knowledge of React Native to build Android apps. I enjoy working with teams, solving problems, and building modern, easy-to-use interfaces.

Skills

- HTML5, CSS3, JavaScript, Bootstrap, React.js, React Native, Rest API, Github, Redux, tailwind css, Material -UI, Node.js etc
